THE WARDENSHIP FIGHT.

Anti-Bell Men Hold the Fort.

Yesterday there was little change in the situation, except that the anti-Bell men counted their forces and announced that they had Bell downed, and were ready at any time to caucus.

The day before the Bell men had tried to get enough signers to a caucus call, but failed to secure the requisite number.

This had a demoralizing effect on the Bell lines, but they rustled like beavers all day and tried to wear the same happy self possessed look that they had on last Sunday evening.

The more the record of Bell as an eleventh hour Republican was investigated the more his chances waned with the growing feeling among the members that whatever had been promised Bell in the campaign to get him in line, the rank and file of the party would not sit by and see the goods delivered. The result would be general dissatisfaction and party demoralization.

Last night the opposition counted up 22 votes against Bell in the caucus. The Silver caucus would embrace 30 in the House and 9 in the Senate and 20 votes would be a majority. If the hold-over Republicans, however, went into the caucus the result would be changed and give Bell a majority, as it is claimed the Republicans are mostly Bell men. The anti-Bell factions will fight against admitting them. With a silver caucus the vote would place Brown, of Storey in the lead as far as estimated, with McCullough with sufficient strength to throw his forces where they could decide the issue.

Should there be a dead-lock, Fellows of Humboldt would be called in to break it as a compromise candidate but unless the contingency should arise, his friends will not put him forward.

The Bi-Chloride of Gold Cure.

Charles Stoddard was in the city last evening representing the Western Bi-Chloride of Gold Institute of Reno. Started only a few weeks ago the success and growth of the institution has been remarkable. They have already turned out several graduates entirely cured of all appetite for liquor. Mr. Stoddard will be in the city for several days.

A Delirious Patient.

Last night a bootblack who had been working for Viera, was found on King Street in his stocking feet, flourishing a gun and charging about, frightening some ladies nearly out of their wits. He rushed into the State House saloon, and L. Stern took away his weapon. It was found that he had been sick and was delirious from fever. He was taken to the Briggs House.

Fanny Rice will be here in "A Jolly Surprise" next week.
